HOTEL CAFÉ ROYAL
LONDON

Where London's Greatest Minds Meet

Hotel Café Royal has historically been a gathering place for conversation and has welcomed intellectuals, artists, writers, rock stars and royalty throughout its storied past. Everyone from Oscar Wilde to Virginia Woolf to Winston Churchill have met at the location for both business and pleasure.

Being located between the commercial hub of Mayfair, the political and commercial district of St James and the media capital of Soho means there is no better location for minds to meet than at Hotel Café Royal.

Within the hotel, grand historic areas have been sensitively restored while 159 guestrooms and suites (including seven signature suites) have been created in a contemporary yet refined style. Continuing its celebrated legacy of excellent hospitality and dining, the hotel offers a selection of restaurants and bars including the Café Royal Grill for all day dining and award winning Afternoon Tea, Green Bar, Cakes and Bubbles, led by world renowned pastry chef, Albert Adrià and Alex Dilling at Hotel Café Royal. The hotel also has a holistic wellbeing concept, Akasha, which features a state-of-the-art-gym, large lap pool, sauna, jacuzzi and private Hammam, as well as a wide range of treatments.

Pompadour Ballroom & Terrace

The Pompadour Ballroom is the largest event space at Hotel Café Royal. The Grade II listed room and its original, ornate detailing have been sensitively restored to create a grand space for celebrations such as receptions, launches, fashion shows and weddings. The Louis XVI style room has a series of fluted Corinthian pilasters and mirrored panels with gilded frames, and its ceiling is decorated with frescos depicting scenes of love.

At the far end of the room, large double doors open on to a pillared outdoor terrace with views on to the panoramic sweep of Regent Street. The area is equipped with patio heaters and can be dressed to include poseur tables or additional seating.
